9500 North Pennsylvania
P.O. Box 20390

Oklahoma City, Oklahoma 73156
405-749-3100

Casady School is hosting a “**Mentoring Workshop**” on **Saturday, October 25**, from **8:30 AM to 11:30 AM** on the campus of Casady School in OKC. The goal of this workshop is to bring together experienced mentors and Science Olympiad students from across Oklahoma as a means of encouraging growth in the students and their events. For example, a medical doctor might meet with students preparing for the “Anatomy and Physiology” event, or a geography teacher might mentor students in the “Road Scholar” event.

We need mentors! We are looking for teachers, coaches, parents, meteorologists, paleontologists, geologists, physicists, petroleum engineers, etc., who are willing to volunteer their time. On the morning of **Saturday, October 25**, mentors will host one or two 75-minute sessions wherein they will work with groups of students to help them prepare for specific events. There will be two sessions: Session 1 will run from 8:30-9:45 AM, followed by a 30-minute break, and Session 2 will follow from 10:15-11:30 AM.

Please sign up at this link if you are able to mentor for one or both sessions.

Additionally, please share this link and information with anyone you think might have the time and expertise to mentor the Science Olympiad students. The “Mentoring Workshop” will only be as good as we make it; the more mentors we have, the more beneficial it will be for everyone involved. The workshop is new to the Oklahoma Science Olympiad program, and we are looking forward to the unique learning opportunity it provides the students.

For more information, please contact **Shannon Semet** at semets@casady.org or **Bob Melton** at BMelton@putnamcityschools.org.
