

OKLAHOMA GREEN SCHOOLS SUMMIT:

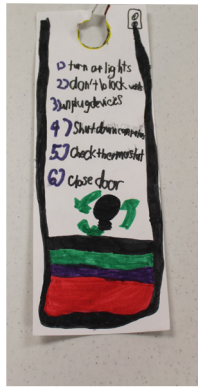

S.T.E.M. & Service

Date: Wednesday, May 13, 2015

From 9:00-4:00

Location: Clyde Boyd Middle School
305 W 35th St, Sand Springs, OK 74063

The purpose of this event is to educate students, teachers and administrators on topics related to the five GreenSchools! Investigations (Energy, Environmental Quality, School Site, Waste & Recycling, and Water) and showcase how to use Science, Technology, Engineering, Math and service-learning to make an impact at your school. There will be student presentations, networking opportunities and awards for those making their school greener and healthier places to learn.

Agenda includes:

- Using Technology to Assess School Lighting
- Saving Money and Conserving Energy
- Indoor Air Quality and Impacts on Student Health
- The Benefits of Schoolyard Trees: Measure, Assess and Calculate Value
- Water Quality Monitoring
- Lunchroom Recycling 101: Can Science and Technology Reduce our Waste?
- Rotten to the Core: The Science of Composting
- Eliminating Mold, Dust and other Allergy Triggers from the Classroom
- The Art and Science of Rain Barrels
- Student presentations
- Networking with other Oklahoma Green Schools
- Awards Ceremony
- and More!
