| 3. Southwest: west of I-35 and south of I-40 | 6. Oklahoma City Public Schools |

Sponsored by the Oklahoma Science Teachers Association, the Oklahoma Science Safety Summit is designed to focus on the topic of safety in science classrooms and will bring sharp focus to needs, practices, and responsibilities of teachers and schools. *This is designed as a Trainer of Trainers workshop and will provide the tools and knowledge to enable participants to lead the yearly training required in every school district in Oklahoma.*

The primary presenter for the summit is Jim Collins of the Charles Dana Center at the University of Texas.

Jim's extensive research in safety practices and procedures in Texas resulted in a recent

strengthening on the Texas state laws regulating school safety and safety practice in Texas. His work includes the *Texas Safety Standards for Kindergarten–Grade 12* and *An Analysis of Laboratory Safety in Texas*.

Go to the [Dana Center](http://www.utdanacenter.org/sciencetoolkit/safety/) (<http://www.utdanacenter.org/sciencetoolkit/safety/>) for more information about the science safety toolkit.

Summit At-A-Glance

Locations:

July 29 – NSU campus map at <http://www.nsuba.edu/about/campus.html>
